Lifetimes is a moving book for children of all ages, even parents too. It lets us explain life and death in a sensitive, caring, beautiful way. Lifetimes tells us about beginnings. And about endings. And about living in between. With large, wonderful illustrations, it tells about plants. About animals. About people. It tells that dying is as much a part of living as being born. It helps us to ...

Stellar Lifetimes The luminosity of a star is a measure of its energy output, and therefore a measure of how rapidly it is using up its fuel supply. The lifetime of a star would be simply proportional to the mass of fuel available divided by the luminosity if the luminosity were constant. Beyond these statements, one must rely on the empirical data collected and
