Switzerland has existed as a state in its present form since the adoption of the Swiss Federal Constitution in 1848. The precursors of Switzerland established a protective alliance at the end of the 13th century (1291), forming a loose confederation of states which persisted for centuries. Early history. The oldest traces of hominid existence in Switzerland date back about 150,000 years. The ...

A constitution is an aggregate of fundamental principles or established precedents that constitute the legal basis of a polity, organisation or other type of entity and commonly determine how that entity is to be governed. When these principles are written down into a single document or set of legal documents, those documents may be said to embody a written constitution; if they are ...

The nature of representation in Congress; the power of the national government to levy taxes, regulate commerce, and pay off the nation's debts; the role of the states under a new constitution; and the power of the executive were on the agenda. Yet, as the delegates debated these issues, the importance of slavery—and the sectional differences it caused—became clear. Throughout the summer ...
