This book will teach you that secret—and the secrets of other great men like him. It will show you not only ... Yes, you can stuff yourself (from time to time) and still lose weight. Instead of sharing with you the detailed "why" (with confusing and boring descriptions of studies), I will share with you the "how" – advice that will change your life if you decide to follow it. You too can ...

Syntax. CSS has a simple syntax and uses a number of English keywords to specify the names of various style properties.. A style sheet consists of a list of rules.Each rule or rule-set consists of one or more selectors, and a declaration block.. Selector. In CSS, selectors declare which part of the markup a style applies to by matching tags and attributes in the markup itself.
