To see what I mean, let's take a look at our neighbors to the south as we take a brief look at the economies of the Caribbean, Central America, and South America. Traveling south toward the ...

[Caribbean - Wikipedia](#)

A HUMAN PERSPECTIVE Central America forms an isthmus, a land bridge between North and South America. It also divides two oceans. This geographic fact has made the region attractive to the United States and other major world powers and has helped to keep the area fragmented and politically unstable. For example, in the early 20th century, the United States wanted to build a canal across Panama ...

In the Caribbean, Central and South America there are (2009) 26 countries with Anabaptist-related groups associated with Mennonite World Conference. These groups reflect many different Anabaptist traditions, cultures and practices. Their languages include Creole, English, French, German, Portuguese, and Spanish; and they represent a wide variety of ethnic groups (including Swiss-South German ...

[Central and South America and the Caribbean](#)

The Caribbean is a large area extending from the southern coast of the United States to the northern coast of South America, bounded on the west by Mexico and the Central American states and facing out to the Atlantic on the east. The section between the east of Mexico and the south of the United States is the Gulf of Mexico and does not contain any islands; the Caribbean islands begin in the north with Cuba and the Bahamas and extend southwards to South America.
